

CONDITION ADVISER

WindGuard Vest

Lighweight shell vest or gillet.
Designed to be folded or rolled
into your jersey pocket with ease.

Intermediate Wind Vest

Designed to be worn for the entirety
of your ride when the temperature is
cooler. It is heavier and warmer
than our CS Wind Guard Jersey.

Repel Vest

Designed and produced specifically
for the Lampre Professional Cycling
Team. Repel Vest features DvAlpine
eVent all weather fabric,keeping it
lightweight.
DvAlpine fabric provides a 3 layer
laminate that protects like no other
fabric from water and wind.

Thermoshield Vest

The Thermoshield Vest was
produced to protect riders from
those cold conditions. It uses
the CS Thermoshield fabric to
protect from the wind and
cocoon the riders torso using
natural body heat to stay warm.
